Objective

I am seeking an opportunity to develop and implement innovative solutions while continuing to expand my programming knowledge and experience

Technology Summary

Object Oriented programming with Python, Java, Swift, JavaScript, PHP, C++, R

Experienced with Regular Expressions, SQL, HTML5, CSS, Agile, JIRA, Confluence, GitHub, MS Office Suite

Kofax Kapow 9.4 Certification

Education

University of South Florida   2012 - 2016

Bachelor of Science in Information Studies. 3.0 GPA

Projects Completed:

R package that visualizes the voting data for all the presidential elections since 1828.
Experiment investigating the viability of artificially generating a Zipf distribution.
Guide to creating and iterating a one-dimensional cellular automaton.
Access database of patients and patient visits to doctor's office with SQL queries.
Presentation on the security and privacy risks associated with using virtual machines.
Java program that identifies the ten strongest storms in a NOAA hurricane data file.
Java program that calculates taxpayers' tax refunds using their tax information.

Work Experience

Integration Engineer at Net Synergy Virtual Solutions   2016 - Present

Developed web-scraping robots using a mixture of Regular Expressions, the Kofax Kapow software, **SQL**, and JavaScript. Developed, **tested**, documented, and tracked projects as part of an **Agile** team using a combination of JIRA, Confluence, GitHub, and the MS Office Suite. Company **documentation** expert. Designed and adapted **ETL projects** (data warehousing) from conception up through development. Designed, setup, and administered company knowledge base in Confluence. Relational and nonrelational **data modeling**, and relational **database design** for SQL.

Supervisor at Busch Gardens Tampa   2013 - 2016

Supervised admissions screeners and turnstiles employees including their breaks, attendance, training, audits, and moral. Troubleshooting and resolving guest ticket problems utilizing ticket database and associated database interface application. Maintained smooth daily operations of turnstiles while maximizing the flow of guests entering the park. Performed duties associated with opening and closing the park to guests such as daily testing of turnstile systems, ensuring area cleanliness, and updating various statistical data on guests. Attended to unexpected guest employee, and daily operational issues.

Host at Busch Gardens Tampa   2013

Operated rides, assisted guests, bused tables, maintained park cleanliness, and trained new employees. Received recognition for exceptional customer service.

Personal Assistant at Heart Specialists of Sarasota   2011 - 2012

Interviewed patients, entered patient data and ran miscellaneous errands

Affiliations

ASIS&T   2015 - Present
Member of the Association for Information Science and Technology

Boy Scouts of America   2005 - 2010
Achieved Life Scout Rank.
